**AFFIDAVIT OF**

---

State of Washington                    ]

King County   ]

I, Faith de Coeur, attest that my statements are true to the best of my knowledge.

**Comment** round for ET Docket No. 03-137 and WT Docket No. 12-357.

1. My name is Faith de Coeur. My address is 678 156<sup>th</sup> Ave NE Bellevue, WA 98007.
2. I am a health coach.
3. Smart meters have not proven to be more accurate or to be safe for health. On the contrary. People's bills have been found to be inaccurate and cost people more because of it. Health concerns are also on the rise. In addition, they have been known to be a fire hazard in countries like Australia. This is not something that should be forced on people. People should have the right to opt out of something, especially if the safety of the device is in question. People have the right to opt out in other questions and I feel that we should as well. After all, we are supposed to be the land of the free, not just the home of the brave.

Respectfully submitted by

Faith de Coeur
